To whom it may concern,

I have heard that you are currently accepting public comment on a proposition to allow broadcasters to deny federal candidates the right to air "graphic" right-to-life political advertisements. I am writing to voice my opposition to this proposal.

I implore you to resist this effort to violate the First Amendment rights of pro-life candidates. Pro-life candidates need to have the latitude to define to the public the nature of the issue on which they are campaigning. If the ads seem unnecessarily graphic to some, well, that is the crux of the matter.

Please do not change the current regulations. Our democracy depends on an educated electorate. If you disallow a particular group from educating the public on their reasons for seeking office, you automatically tilt the process in favor of the opposite group.

Thank you for your consideration,

Bruce Adams

TO WHOM THIS MAY CONCERN:

FEDERAL COMMUNICATIONS COMMISSION
OFFICE OF THE SECRETARY

I am writing to voice my concern that the FCC will be ruling shortly, on whether or not pictures/videos of aborted babies may be used in the campaign ads for candidates running for Federal offices. Although these pictures/videos are gruesome to look at, the fact remains that abortion has gruesome consequences. Someone always dies. I believe that it is within the guaranteed 1st amendment rights of a candidate for Federal office to express their personal beliefs during a campaign, in the manner that the candidate judges necessary, in order to reflect these beliefs. Their are many of us who believe that abortion is murder, and continue to work for its ultimate demise, however politically incorrect this position may be. Please continue to support the guaranteed rights given to us by the United States Constitution, even if we do not agree. I ask that you will rule to continue to allow that the pictures/videos of aborted babies can be shown in campaign ads by candidates running for Federal offices.

Dear Office of Secretary:

I am writing to request that you please stop the censorship planned on the Pro-Life advertisements by restricting their air play to the 12 midnight to 6 A.M. time slot. It would be an infringement on the "Freedom of Speech" that we all hold so dear. I could help you find a lot of other garbage that is so freely aired on our television each day for the young and old alike to see put in that time slot. I do not find the Pro-Life advertisements offensive -- I think we all need to appreciate where we came from and our children a little more. Murder, Rape, Sex, and Abuse are played without any limitations, but something promoting a position upon which our Constitution was based is considered wrong and not to be viewed by the majority of TV viewers. Does this make sense?

In closing, I would like to once again say how strongly I am opposed to censoring these Pro-Life messages. I also plan to write my local TV stations that are currently airing these advertisements to thank them for having them on during day and evening hours. I ask you to seriously consider this decision and I thank you for your time.

Sincerely,

R. M. Yetterberg

To Whom This May Concern:

I would like to state my comments
toward Michael Bailey's commercials being
on television.

I am glad that he had the commercials
on before, and I'm glad he has the privilege
once again. I'm glad they are graphic. Abortion
is murder.

I really back him on focusing on the
immoral lifestyles of gays and lesbians. Just
consider this, God made Adam and Eve, not
Adam and Adam or Eve and Eve.

As for the general campaign issues I
feel this away about it, Hurray!!!, Hurray!!!,
Hurray!!! I'm behind him all the way!!!

Now, as for the people saying these things
are bad, then why watch T.V. at all? There

is so much sex and crime on T.V. even on cartoons!!! The soap operas are getting more and more graphic and people let their children watch them along with themselves. Why don't they fuss about this, it's on there every day?

Michael Bibby is doing what everyone is suppose to do, and I appreciate that very much. He's standing up for God, unlike a lot of these people that don't want the truth to show!!! They rather be seeing and or doing these immoral acts. What has happened to America? Let his commercials show!!!!

Thank-you.

Dear Federal Communications Commission,

I just wanted to express my views in favor of allowing anti-abortion ads on television. Please allow these graphic ads to be aired, for the Bible is very Pro-Life, and we want to be too. Please do not let the truth be hidden on this vital issue. Perhaps someone's mind will be changed and they will stop this crime which is being performed daily in our country.

Thank You!

Dear Sirs:

This letter is written to cast my vote in favor to allowing the Pro-Life ads to appear on television. If it is acceptable to air the sex and side and rear view nudity as well as the violence shown on prime time television, then it should be acceptable to air the PRO-LIFE ads. If the sex and violence cannot be censored nor the attacks on Jesus and the gospel because it is their First Amendment right to free speech, then I cannot see that you can censor these ads.

Personally, I'd like to see it all censored and go back to letting each persons imagination "fill in the blanks." I hope you will allow the ads during prime time television or censor it all - including shows like Phil Donahue and Geraldo and others that spotlight evil and sexual perversion. Thank you for taking the time to read this letter.

Sincerely,

A. Susan Richardson

Rev. Sir,

I am expressing a positive opinion

regarding the showing of ads on late-night

TV which depict the results of an abortion.

I think the public needs to know that

what they prefer to call a "fetus" is a

"ghost" does not change the fact that a

completely formed baby (after 8 weeks

from conception) is being torn apart &

hurled up in the womb. They need to

know the truth.
